メニューの識別

Card 8 of 10

I'm Learning: HTML/CSS

ページにもう一つリストを追加したとき、特に何も区別しなければ、メニューと同じ見た目になってしまいます。

以下の例では、もう一つのリストがメニューと同じ見た目になっています。

ul要素のルール

The image shows a web browser window titled "My Pets" displaying a navigation menu and a list of pets. The menu is a horizontal list of links: "About Me", "My Favourite Books", "My Family", and "My Pets" (which is highlighted). Below the menu is a heading "My Pets" and a paragraph "I have five pets:". Below the paragraph is a list of pets: "a dog", "a cat", and "three rabbits". A picture of a cat is also shown.

Arrows point from the browser window to two code editors. The top editor shows CSS rules for the `ul` element and its `li` elements. The bottom editor shows the HTML code for the same elements.

ul要素のルール (CSS):

```
4 ul {
5   border-style:solid;
6   border-width:1px;
7   padding:10px;
8   border-radius:10px;
9   background-color:black;
10 }
11 ul li {
12   list-style-type:none;
13   display:inline;
14   margin-right:10px;
15   margin-left:10px;
16 }
17 ul li a {
18   color:white;
19   text-decoration:none;
20 }
21 ul li.selected {
22   color:yellow;
23 }
24 ul li a:hover {
25   color:#99DDFF;
26   text-decoration:underline;
27 }
```

HTML Code:

```
<body>
<ul>
<li><a href="about-me.html">About Me</a></li>
<li><a href="books.html">My Favourite Books</a></li>
<li><a href="family.html">My Family</a></li>
<li class="selected">My Pets</li>
</ul>
<h1>My Pets</h1>
<p>I have five pets:</p>
<ul>
<li>a dog</li>
<li>a cat</li>
<li>three rabbits</li>
</ul>
<p></p>
</body>
</html>
```
